# COLORWAYS

The 20 colorways are reminiscent of the natural mediums artisans have employed for centuries. Indigo blues, soot blacks and earthy reds blend with grounding neutrals. This palette is rooted in tradition like the textures they complement. Using the meticulous techniques of hand antiquing and tipping, each hide evolves into a dimensional surface that invites touch, evokes emotion and adds layers of soulfulness to every interior.

Cestino, Espiga, Onda, Quadro, Tessera; each pattern embodies the tactile essence of natural material and handcraft. These two-toned, embossed leathers are inspired by an era when craftsmanship was defined by personal marks of human touch. Their textured surfaces have a quiet strength; awakening our senses and inviting us to pause, connect, and feel.

Whether wrapped around a cozy reading chair or a streamlined aviation interior, this leather is for spaces that honor handcraft. It is for those who choose materials with intention and value the journey as much as the destination.

As LeatherShield products, Cestino, Espiga, Quadro, Onda and Tessera are recommended for all upholstery applications. Each collection achieved LBC Red List Free status on its Declare label.
