Western Tool	24 x 48	24 x 46	6 1/4	13 1/8

\*seam is visible at 39"

FiberDye®

Garrett Leather's Impress is produced using a combination of heat and pressure to emboss specific patterns on leather. When specifying Garrett Impress, there are a number of items to keep in mind:

Any pattern of Impress may be embossed on any color of the following products: Allura, Avion, Caressa, Chatham, Distressed, Flight, Glazed, Journey, Luxianna, Mira, Native, Newport Club, Pearlessence, Sierra and Vintage.

A 10" x 10" sample of a specific Impress pattern on a specified color of Garrett leather is available for a small fee. The fee is reimbursable upon placement of an order. Please allow two weeks for all special sample requests.

All Impress patterns are available in 1/2 hide increments only.

Embossing plates are laid down the length of the 1/2 hide as 24" high and 40-54" wide (depending on specific plate size.) There may be some plating marks and/or small overlapping areas of the pattern due to the nature of plate embossing. There will be a slight seam every 24" down the length of the hide.

Lead-time for all Impress orders is two weeks from receipt of confirming purchase order and applicable deposit.

If you have any questions regarding Impress, please contact your customer service representative directly at 800-342-7738.
